**Steps:**
1) Attach base plate to posts, using bolts.
2) Place shelf at center, between posts.
3) Attach mounting plates to tops of posts, using bolts.
   NOTE: Plate must rotate left and right before installing clamshell.
4) Attach clamshells to mounting plates, using acorn nuts.
5) Insert iPad into clamshell and feed cords through holes.
   Repeat step for each iPad. See Cord Management for iPad detail.

Bolts

Attach iPad cord to supplied USB extension cord. Route USB cord through top hole of post, then out bottom hole of post. Connect to power.

**Optional Cover for Home Button**

Foam Lining Removed          Home Button Shield

1) Remove foam lining from inside bottom of clamshell.
2) Attach Home Button Shield with double-sided tape to inside of clamshell, keeping top of shield flush with clamshell opening.
NOTE: This is a permanent fix and can't be easily removed.

**SETUP INSTRUCTIONS**
If you would like to tell us about your experience with your setup instructions please email us at **info@classicexhibits.com**

# visionary DESIGNS ™
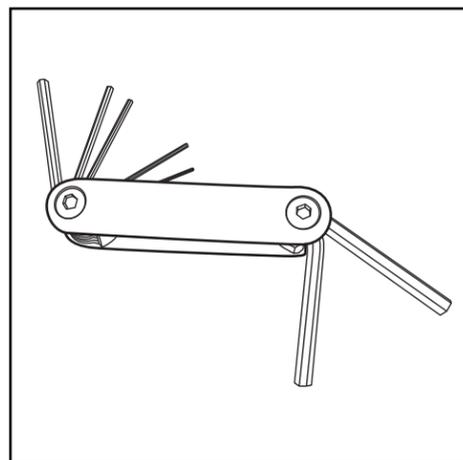

# General Setup Instructions

- Read entire setup instruction manual prior to unpacking parts and pieces.

- The setup instructions are created specifically for this configuration.

- Setup instructions are laid out sequentially in steps, including exploded views with detailed explanation for assembly.
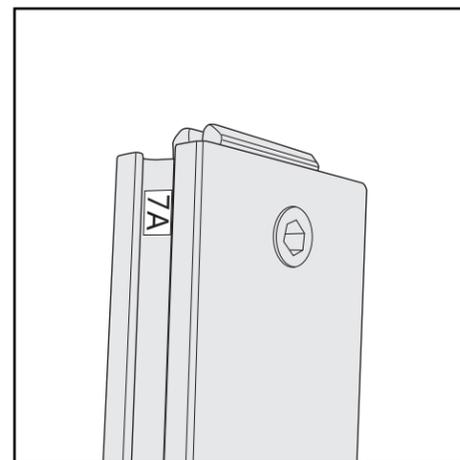

# Cleaning & Packing

- For Cleaning Metal, Plex, & Laminate Parts: Use a **MILD NON-ABRASIVE** cleanser and soft cloth/paper towel to clean all surfaces.

- Keep exhibit components away from heat and prolonged sun exposure. **Heat and UV exposure will warp and fade components.**

- Retain all provided Packing Materials. All provided packing materials are for ease of repacking & component protection.
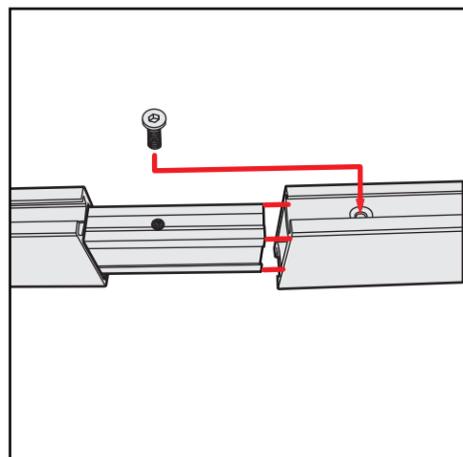

## Disassembly

- For loss prevention, tighten all set screws and locks during disassembly.
